

## **New Mexico NASA EPSCoR Travel Grant Travel Grant Application**

New Mexico NASA EPSCoR offers funding for travel opportunities to encourage faculty to explore and develop connections and collaborations with NASA researchers at Centers and other NASA supported research facilities. The purpose of the travel is to explore potential collaborations with NASA researchers for research efforts and funding opportunities. Both short and medium length (1-2 weeks) Center visits will be supported. If arrangements can be made, faculty are urged to present research progress and findings in formal presentations to interested personnel during NASA Center visits.

The goal of New Mexico NASA EPSCoR is to develop an academic research enterprise directed toward long-term, self-sustaining, nationally-competitive capabilities in aerospace and aerospace-related research. This capability will, in turn, contribute to New Mexico's economic viability and expand the nation's base for aerospace research and development.

To receive travel funding from NASA EPSCoR email a request to [awisner@nmsu.edu](mailto:awisner@nmsu.edu)

Your request includes:

- Purpose of the trip – describe the research area you are developing through this travel
- Name of proposal/program that you will apply to for research funding as a result of this travel and date research proposal is due to NASA
- Name of Field Center to be visited
- Name of Field Center personnel to be visited (attach a letter or email from NASA personnel stating your research field is aligned with NASA priorities)
- Date of planned trip
- Budget Request Detail

Reporting Requirement: Funded faculty are required to report:

- Name of NASA personnel you met with during your travel or created collaborations with due to your travel
- Funding received because of your travel, including amount proposed and amount awarded.

Email request to: [awisner@nmsu.edu](mailto:awisner@nmsu.edu)
